General notes about the fundraising

The charities we support are extremely grateful for any donations they receive, no matter how small. However, our aim is to donate as much money as possible to this valuable cause, and we ask each walker to try and target £100.00 of individual sponsorship. (Although this is not a condition of entry). The average sponsorship raised to date is approximately £200.00 per walker.

The Entry Fee of £5-00 is to cover the operating overheads of the event only, and these fees are paid into an 'Operating Account' to cover the costs of the walk. All the sponsorship funds raised by our participants go to the nominated charities we support. All residual monies in the operating account are transferred to the main account and distributed to the individual charities in the usual way.

Note about the return of collected funds :

Regrettably, we have experienced incidences of participants who collected sponsorship and subsequently did not submit their collected funds.

We consider it to be a serious misconduct to withhold monies given for the purpose of charity, and a failing to carry out the wishes of sponsors who have pledged donations to a cause so many of our participants work hard to support. If it is not your intention to fully commit yourself to this objective we respectfully ask that you do not apply.
