Dear Mr Mitchell,

Thank you very much for your very generous donation of £4092 from the "Dave Owens & Frank Goodall Memorial Fund". Your generous support is very much appreciated.

Last year, Cancer Research UK spent £213 million. This money funds more than 3000 scientists, doctors and nurses working in hospitals, universities and institutions around the UK. Over the past year, thousands of lives have been saved through improved cancer treatments, better detection and health awareness campaigns and we have made discoveries that could transform the way cancer patients are treated in the future.

We cannot make these discoveries without you. Our pioneering work is funded almost entirely by the public who give their time and money tirelessly, so that Cancer Research UK can build hope for a future where cancer can be controlled. *Thank you so much for your time and support.*

If you would like to find out more about Cancer Research UK there is a host of information about local events, campaigns, science and the Cancerhelp UK website. The website address is www.cancerresearchuk.org.uk.

If you would like more details about our Cancer Research UK please contact me on 0113 2319828 or by email on andrea.membe@cancer.org.uk.

On behalf of Cancer Research UK may I wish you a very Happy Christmas and New Year.

Yours sincerely

Dear Mr Mitchell

I write both personally and on behalf of the Bradford Macmillan Appeal to thank you and all who took part in the Yorkshire 3 Peaks on the 19 June 2004 most sincerely for your incredibly generous donation of £4,092.00

Your donation is very much appreciated and through gifts such as this, and other fundraising events, we have to date raised over £445,000. Our target is to raise £675,000 to help provide additional specialists in the Bradford area. These specialists are five Macmillan nurses, a Haematology nurse specialist, a Gastro Intestinal nurse specialist, a Gynaecological nurse, a Urological nurse and a nurse specialising in cancers of the head and neck. We are also fundraising for an Ethnic Minorities Liaison Worker.

Our vision is to work towards a time when every person in the land has equal and ready access to the best information, treatment and care for cancer and where unnecessary levels of fear are set aside. With support from people such as yourself we will be able to achieve this.

Thank you once again for your support of this very worthy cause.

Yours sincerely

Three Peaks Walkers

17 December 2004

Dear Three Peaks Walkers

I am writing on behalf of everyone involved with Marie Curie Cancer Care to thank you for supporting our Research Centre. The donation of £4,092 will help our scientists enormously.

I have not accepted the challenge of the Three Peaks but my partner and nine of her friends have and last year, on 3rd July, they completed it. I mention the date because it must have been the worst day of the summer. Not only did they have to cope with the walk, which is challenging in itself, but they had to deal with floods, rain and fog!! I realise the fitness level you have to achieve for the very rigorous walk, and I congratulate all of you who participated.

I hope you all feel a sense of pride in your achievement of raising so much money and completing such a challenging walk.

Yours sincerely

Dear Gerrard and friends of the OPA

Thank you so much for your superb donation of **£1,364.00** in respect of the Dave Owens and Frank Goodall Memorial Fund. This is a magnificent sum and a great tribute to memory of your friends.

The amount you have raised will make a great difference to our ability to support other patients and families affected by oesophageal cancer.

Cancer of the oesophagus is still very difficult to treat; we are working hard to relieve the distress caused by the disease and also to influence the care of patients, including earlier diagnosis. We rely entirely on donations so your kindness is very much appreciated and your donation will help us to continue this work.

Finally, may I on behalf of all at The Oesophageal Patients Association, wish you a peaceful Christmas and a happy and healthy new year.

Kindest regards

Lynne Watson
