Dear Gerard

I wanted to write and thank you for the wonderful donation of £1,723.39 for Cancer Research UK.

It was lovely to meet you all and hear about the great success of the Chatsworth Challenge this year. Even with all the uncertainties and obstacles over the past year, you and your team of dedicated volunteers managed to hold such a successful event and raise vital funds for life saving research.

Cancer Research UK's pioneering work into the prevention, diagnosis and treatment of cancer has helped save millions of lives. COVID-19 has hit the charity hard, but we are more focused than ever on our ambition of seeing 3 in 4 people survive their cancer by 2034.

This past year proves, more than any other, the value of research and what can be achieved together. Just like science is our route out of the pandemic, science is our route to beating cancer.

Your continued support is so greatly appreciated and will truly make such a difference. Thank you again and I look forward to supporting you again very soon.

Kind Regards

Kathryn Leverett

Dear Supporters,

Like you, at Marie Curie we believe that every day of your life matters. When you are living with a terminal illness you feel that more than ever. And thanks to your kind donation of £1723.39 raised from your Chatsworth Challenge, you will help more people to make the most of the time they have together.

Thanks to you all someone living with a terminal illness will receive practical and emotional support from a Marie Curie Nurse. And most importantly, this vital support is given in the comfort of the person's own home or one of our nine hospices.

In these familiar and comforting environments, someone living with a terminal illness can enjoy the time they have left, surrounded by the people they love. The presence of a Marie Curie Nurse also means they can enjoy the simple things we so often take for granted, such as sitting in their favourite armchair, helping their children with homework, or being able to celebrate special family events.

Your act of kindness will make a difference to so many because without your support, Marie Curie Nurses simply couldn't do their amazing work. Thank you.

Once again, thank you so much for your kindness and support.

Yours sincerely,

Clare Wood
